SALES-LIST (S)

of available Sheet-Fed-Presses and Ancillary Equipment

January 15th. 2015

(If you are seriously interested in one of these machines, please ask for a detailed description and pictures)

If you are searching a (special) sheet-fed-press, send us your inquiry and we will try to offer to you what you are looking for. The presses mentioned below, however, are „under our control“ and available in short time.

Sheet-Fed-Presses

1 HEIDELBERG „GTO 46+“ - made in 1976 - Serial-No. 659.....

Ref.: F-101-SeiNeu. with VARN Compac-dampening, with N+P
in good printing-condition, „as is and where is“

€ 5.900,--

1 HEIDELBERG „GTO 46“ - made in 1975 - Serial-No. 656.....

Ref.: F-102-SeiNeu. with standard-dampening,
still in printing-condition, „as is and where is“

€ 4.900,--

1 HEIDELBERG „SM 74-4“ - made in 1999 - Serial-No. 624..... - 105 mio impr.

Ref.: F-103-SeiNeu. with ALCOLOR + TECHNOTRANS, with CPC1-04 + CPtronic,
with Autoplate + all washers, with Alphatronic 200 spray-powder-unit“
still in printing-condition, „as is and where is“

€139.000,--

1 NEBIOLO „COLORA 8005 HQ“ - made in 2003 - size: 120 cm length x 1.620 mm width

Ref.: F-201-Peter. printing straight 5/0 – about 17 mio impressions only
excellent condition, technically as well as optically, ex warehouse „as is and where is“

on request

Other Sheet-Fed-Presses on Request

Sheet-Fed-Presses - Ancillary Equipment I

1 BACHER-Register-Punch „2002“ – punching distance: 177 mm + 213 mm + 213 mm + 177 mm,

Ref.: S-2001-Egels. load on truck or into container

€ 800,--

Ask us for other Register-Puncher or send a punching-pattern!

Eine Folien-Prägemaschine der ganz besonderen Art!

Basierend auf dem bewährten Prinzip eines umgebauten HEIDELBERG „Cylinder“

- hier das Modell „KS“ im Format 38 cm Länge x 52 cm Breite -

Die wesentlichen Unterschiede zu herkömmlichen Maschinen sind:

Verwendung von sog. „Jumbo“-Rollen bis 4.500 m Folien-Länge möglich,

d.h. Laufzeiten bis zu 20 Stunden ohne Rollenwechsel,

d.h. geringerer Folienverbrauch durch stark reduzierte Wechsel-Intervalle

d.h. Qualitäts-Steigerung durch kontinuierliche Produktion

Computer-gesteuerter optimierter Folien-Vorzug

Denkbar einfache „touch-screen“-Bedienung

Vorführbereit und sofort lieferbar ab Druckerei in Deutschland

A Very Special Hot-Foil-Conversion-Machine!

Based on the well proofed principle of a completely rebuilt HEIDELBERG-Cylinder

- in this case type „KS“ - Size: 38 cm length x 52 cm width -

The substantial advantages are:

“Jumbo”-reels with more than 4.500 m can be used,

that means running the machine up to 20 hours without changing the foil

that means less foil-consumption because of less reel-changing

that means better quality because of continuous production

Computer-controlled foil-transport

Easy handling by “touch-screen”-operation

Demonstration- and test-run any time, immediately available ex printing-plant

Preis einschl. Training / Price incl. training

€ 19.500,--

Sheet-Fed-Presses - Ancillary Equipment II

LINCOLN- and TECHNOTRANS-Ink-Pumps

for 200-kg-drums as well as for 300-kg-containers and 1.000-kg-tanks

for example with 2"-airmotor for filling small batches

or with 4"-air-motor for sticky sheet-fed-ink

or with 6"-air-motor connected to ink-containers

approx. €1.200,- €1.600,- €2.400,- each

BALDWIN- and TECHNOTRANS-Refrigerated-Fountain-Solution-Circulators

any size, any capacity, pre-used, however refurbished by the manufacturer in 2014

for example (subject to remaining unsold):

S BALDWIN-,,RCWL 851-100-060 L“ - Serial-No. 5416/1998 with float, with BC 703, with venturi for example suitable to “SM 52-2” or “R 202 TOB” etc.	about €	2.000,-
S BALDWIN-,,RCWL 851-200-100 L“ - Serial-No. 5161/1997 with float, with BC 730, with venturi		
S BALDWIN-,,RCWL 851-200-100 L“ - Serial-No. 5342/1998 with float, with BC 730, with venturi for example suitable to “SM 52-4” or “SM 72/74-2” etc.	about €	4.000,-
S BALDWIN-,,RCWL 831-200-100 L“ - Serial-No. 1800/1991 with float, with BC 730, with venturi for example suitable to “SM 72/74-2” or “R 204 TOB”	€	3.000,-
S BALDWIN-,,RCWL 851-275-100 L“ - Serial-No. 5221/1998 with float, with BC 730, with filter for example suitable to “SM 52-6” or “SM 72/74-4” etc.	about €	4.000,-
S BALDWIN-,,RCWL 851-400-200 L“ - Serial-No. 4573/2000 with float, with BC 730, with filter for example suitable to “SM 72/74-6” or “SM 102-4” etc.	about €	5.000,-
S BALDWIN-,,RCWL 851-600-300 L“ - Serial-No. 4337/1997 with float, with BC 730, with filter for example suitable to “SM 102-6” or “R 706” etc.	about €	6.000,-
S BALDWIN-,,BASICLINER 1,0 L“ - with float, with BC 703, with venturi (for small single-colour-presses)	€	2.500,-
S BALDWIN-,,BASICLINER 1,5 L“ - with float, with BC 713, with venturi (for small two-colour-presses)	€	3.500,-
S BALDWIN-,,BASICLINER 6,0 L“ - with float, with BC 713, with filter (for medium-size four-colour-p)	€	3.500,-
S BALDWIN-,,BASICLINER 8,0 L“ - with float, with BC 713, with filter (for large-size four-colour-presses)	€	3.500,-
S BALDWIN ,,FF 862-050“-refrigerator to be added to two (2) standard-circulators	€	2.000,-
S BALDWIN ,,FF 863-075“-refrigerator to be added to three (3) standard-circulators	€	3.000,-

More Circulators and Refrigerated Circulators on Request
